

Wives! Mothers! Daughters! Just a Word With You!

A woman's organism is a very delicate thing—it very easily gets out of order—just like a delicate piece of machinery, it requires more than ordinary care and attention.

There are many signs which point to disorder, such as headaches, unaccountable pains in various parts of the body, listlessness, nervousness, irritableness, dizziness, faintness, backache, loss of appetite, depression, and many others.

CARRANZA CLOSES PORT OF VERA CRUZ.

WASHINGTON, Sept. 1.—Provisional President Carranza has ordered the port at Vera Cruz closed, according to official advices Monday to the American Government.

Gen. Funston transmitted a long report on the complications which might result, but the State Department officials were not inclined to regard it as an unfriendly action.

During the Huerta regime, Vera Cruz was similarly closed, but foreign vessels paid little attention to the order. Carranza's decree would prevent Mexican ships putting in at Vera Cruz and, if enforced in an unfriendly way, might exact heavy penalties from foreign vessels entering any other Mexican port after they touched at Vera Cruz.

Gen. Funston called attention to the possibility that foreign ship owners desiring not to incur the displeasure of the Carranza administration might hesitate to send cargoes to Vera Cruz, diminishing the food supply of the city.

In some quarters there was a disposition to regard Carranza's attitude as one of resentment against the continued occupancy of Vera Cruz by American troops, but the State Department officials did not share this view. An interruption in railway traffic between Vera Cruz and Mexico City recently occurred, but as soon as Gen. Funston announced that he would keep all rolling stock in Vera Cruz until traffic was resumed, the Mexican authorities explained that they were using trains to transport troops and immediately adjusted the schedules.

Paul Fuller, personal representative of President Wilson, is due in Mexico City, September 1, to discuss with the government the questions relating to the American occupancy of Vera Cruz, as well as differences between Carranza and Villa.

Although Administration officials have not announced their position in any formal way, it is generally understood that recognition will be withheld until a complete agreement between the two chieftains has been reached and arrangements made for a constitutional election.

"MOVIES" LIABLE TO ENCOUNTER DIFFICULTIES.

"Moving picture houses are liable to be confronted by another difficulty soon, owing to the European war," said manager Robt. Shea, of the Columbia Theatre, yesterday. "It is the matter of producing the carbons which are an important part of the moving picture machine. The carbons are imported in large quantities from Germany, and they are of course, impossible to get now, and the limited supply in the hands of American dealers will soon be exhausted. We use on an average one a day and where we have a serial picture of four or five reels it often requires two carbons. I do not look for a very serious shortage for the present, but, taking into consideration the large number of picture houses all over the United States, with the consequent heavy drain upon the stocks of the supply houses, we may in a few months be confronted with a very serious state of affairs. Not only is the carbon matter one of our stumbling blocks, but there are other things that have to be imported from Germany that come in the line of picture work. Taken all together, it is not a pleasant outlook for the business."

THEATRICAL.

For the opening of B. F. Keith's regular season next Sunday afternoon, the management has arranged to offer one of the biggest attractions in the amusement world and one sure to create a sensation in Cincinnati and vicinity. At a great expense and considerable difficulty the B. F. Keith booking office has secured Mr. and Mrs. Vernon Castle themselves for one week only, in their own and original series of world-famous society dances. Mr. and Mrs. Vernon Castle are known in every city and town in America. They are the originators of the present craze for the tango, hesitation and the one-step. All the new dances now in vogue can be traced back to the Castles. America's greatest society, and even members of the European aristocracy, have bowed before the grace of the young couple, who, by their charm and talents, have won for themselves an enviable position in the hall of fame of the amusement world. To have secured the Castles for vaudeville is unquestionably a great achievement for the B. F. Keith Vaudeville Theatres, and the B. F. Keith Theatre in Cincinnati will be the first house to greet this pair on their tour of the country in the Keith houses. Mr. and Mrs. Castle will bring with them all their old dances, and many of their new creations. It is predicted that their new dances will become the rage for the coming season. They have two new dances that will replace the tango, and which possesses all the grace and thrills of this dance, but which will not be open to censor by even the most fastidious.

Surrounding Mr. and Mrs. Castle will be an all-star Keith show, and one sure to create a great amount of enthusiasm. There will be the Salon Singers in a glorious program of classical and popular music. Charlotte Ravoncroft, the beautiful and talented singing violinist, will be another big feature on this program.

The comedy numbers, and there will be several, will be offered by Flanagan & Edwards, the famous laugh-makers of vaudeville; Van Hoven, the "nut" magician, and Comfort & King, the screamingly funny entertainers.

No animal act in the world offers as much genuine entertainment as Durkin's Animals. Mr. Durkin has trained his beasts in such a wonderful manner that they perform their entire act without any direction on the stage, and they produce the famous "Dog Village." The principal feature of this sensational animal act is Bowzer, "the drunken dog."

Augmenting this great show will be motion pictures of news events in and about Cincinnati, bringing the beautiful Queen City before the eyes of the audience as they sit in their chairs. From all indication, this opening program of the B. F. Keith season should be one of the greatest vaudeville shows ever seen in that city. (adv)

CHAMBERLAIN'S COLIC CHOLERA AND DIARRHOEA REMEDY

"I advised the 'boys' when they enlisted for the Spanish war to take Chamberlain's Colic, Cholera and Diarrhoea Remedy with them, and have received thanks for the advice given," writes J. H. Houghland, Eldon, Iowa. "No person, whether traveling or at home should be without this great remedy." For sale by all dealers.

Another masher has been sent to durance vile. We have no sympathy for this philandering member of the less deadly species, but it must be remembered that it was by "mashing" that "Juliet" met "Romeo."

HEALTH PAST FIFTY

Careful diet is of utmost importance to men and women past fifty years of age; it keeps up their strength, and the oil-food in Scott's Emulsion is a nourishing food, a curative medicine and a sustaining tonic to regulate the functions.

It contains the medicinal fats of pure cod liver oil and science proves that they furnish twice as much energy as other foods—then too, it creates pure blood, sharpens the appetite, relieves rheumatism, strengthens the body and alleviates the ailments due to declining years.

Scott's is free from wines, alcohol or harmful drugs. Beware of substitutes.
